

Workshop on Use of ICT Tools and Application of Linux and Free and Open Source Software (FOSS) in Teaching Learning (28th to 30th January, 2019)

Organised by

**Department of Computer Application
Mahapurusha Srimanta Sankaradeva Viswavidyalaya**

Background:

Open source is a term describing a means of developing and distributing software that ensures software is available for use, modification, and redistribution by anyone. Open source practice promotes software reliability and quality by supporting independent peer review and rapid evolution of source code. Today open source software has become critical for almost every organization. Almost everything requires open source software, be it telecommunication systems, inventory, accounting, personal productivity applications, contact management and operating systems amongst others.

Objectives:

1. Familiarize with Linux environment
2. System administration using Linux
3. Familiarize with working of open source products
4. Understand concepts, strategies, and methodologies related to open source software development.
5. Be able to utilize open source software for developing a variety of software applications

Workshop Coverage:

The course will cover the following topics from basic level:

- Use of ICT tools in classroom teaching and research presentation
- Introduction to Linux operating system
- Installation of Linux
- Basic Commands and file operations
- Introduction to Open office, Libre Office, LateX , GIMP etc. open source software.
- Basic of Web Design using HTML, PHP, MySQL

Dates of the workshop: 28th January to 30th January, 2019

Time: From 10.00 A.M.to 4.00 P.M.

Registration Fee: 300.00

Last date of application: 24/01/2019

Contact Person: Dr. Santanu Kalita Head (i/c), Assistant Professor Department of Computer Application MSSV, Nagaon Email: santanu.kalita@gmail.com Mobile: +919435470560
